Shaun reported on the WIP 3 meeting he attended at Williamsport MD on June 13, 2018. Agriculture exceeded goals in 6 BMP categories but was behind is others. Shaun pointed out that a BMP verification process was started in 2017 and is required on an annual basis for BMP credits to be accepted by EPA.

Shaun inquired who was planning to attend the retirement luncheon for Louise Lawrence. George said he and Joyce were planning to attend and Smokey was unsure at this time.

Shaun asked the board if they were ready to make a decision about moving the Brinker account or leaving it with Cornerstone Financial Partners (Dan Norris). Shaun reported he emailed a request to Brain Boal on May 23, 2018 with a reminder on June 8, 2018, for a review or update on the 2006 letter from Turnbull Hoover & Kahl. As of today, Brain has not responded. Also Shaun reported he emailed Craig Nielsen with the same request and provide him a copy of the letter. Craig responded by phone. He said "the statute was clear and must be followed" and he "understands its purpose." He also said he was not an expert in this particular area and we might want to check with someone who is more knowledge with banking and financial law, there are people who specialize in this. He said he would follow up with an email. (No email received from him as of 6/19/2018). It was decide to postpone this item and revisit it at the July meeting.
